PROCURT 245 | 285 | 320 | 370

The Malone Procut 245/285/320/370, premium mowers are one of the best selling mowers on the market. There are many mowers available on the market but not all mowers are built the same, the Malone Procut 245/285/320/370 mounted mowers have many desirable features and benefit that ensure you get a professional quality clean cut every time.

The Procut premium mowers are available in four different cutting widths. What really makes the Malone mower a cut above the rest is the heavy duty galvanised frame, ensuring the long life of your machine. Another advantage of the Malone mower is the design of the lift arm brackets on the headstock, allowing a single operator to mount the mower onto the tractor quickly and easily without assistance.
